

Synergy Chiropractic Spine & Joint Center
Lincoln, NE
[402-328-2660](tel:402-328-2660)
www.synergylincoln.com

We are looking for a unique individual who will fit in well with three other doctors at our 3 year old practice. Our clinic operates as a "functional rehab" clinic with all doctors being certified in Active Release Techniques (ART) and/or Graston Techniques with training in Motion Palpation and the functional rehabilitation taught through the MPI seminars.. The above techniques would be required for an associate.

Although our practice is only 3 years old, we have been blessed with success and need someone to help when we can't fit people in right away or to help us with on-site care programs at local businesses.. Also with the opportunity to build your own clientele. Our clinic was voted the "Best Chiropractic Clinic in Lincoln" in the year 2012, which was a great honor for us! We are a general family practice with an emphasis on sports related and overuse injuries. Dr. Keller and Dr. Hochstein are team chiropractors and ART providers for Nebraska Wesleyan University in Lincoln. As well as having an on-site care program for a local manufacturing company.

Contract specifications are negotiable. Please send a resume and/or CV via email or mail at the addresses listed below. And for more information about our clinic please visit our website at www.synergylincoln.com. Feel free to email or call with any questions..
