

KC North Spine & Joint Center sees variety of sport/athletic conditions and especially conditions of the extremities. Doc would need to be ART (Active Release Techniques) certified to receive EPN contracts, have experience in either Graston or FAKTR, and have a foundation in motion palpation and functional assessment. Dry Needling and familiarity with McKenzie is preferred. Doc's pay would have a base salary with an additional percentage of collections and benefits.

We are located in a rapidly growing region on the north side of Kansas City, MO & Liberty, MO. This is a nice, affordable place to live and work and is a great area to raise a family with top-notch school districts. Opportunity to open & manage new clinics possible.

Please send CV with cover letter to office@kcnorthsjc.com. Our website is www.kcnorthsjc.com
